Dear Parents/Carers,

A very warm welcome back after a well deserved break!

Firstly, I'd like to say how proud I am of Year 6 and all they've achieved so far this year - they really pushed themselves during SATs week and showed resilience, strength and maturity. They also showed off all they'd learnt at primary school and did St Mary's enormously proud.

We have so much to prepare and look forward to this half term: our show-stopping end of year production, class assemblies, our leavers' mass, the highly anticipated health week, trips and treats! In and amongst all of this, we will be continuing with our wider curriculum and focusing on getting ready for high school, readying them for Year 7 and beyond.

This half term, we will be writing through the wider curriculum such as debates in geography, report writing in science and explanations in RE. We have also completed the Year 6 maths curriculum so will be looking at problem solving through projects, looking at data in science and really deepening their understanding in preparation for high school.

As well as all this, we will have a real focus on transition. There are lots of transition days booked in and we will do lots of preparation work in school, so everyone feels really confident about the year ahead, ready and raring to go.

To find out more about the other curriculum areas we will be studying this half term, please visit our website to see our knowledge organisers.

Please don't hesitate to come and see me if you have any questions or concerns. Many thanks,

Mrs Brooke

Important Days

Wednesdays: PE lesson (come in PE kit)

Important Dates

Friday 9th June
Year 6 farm visit

Wednesday 14th June
Year 6 heart dissection workshop

WB 19th June
Health Week
